

2015 NEW ZEALAND DRIVER SUPPORT PROGRAM

ENDLESS[®]

ADVANCED RACING BRAKE TECHNOLOGY

PROGRAM BROUGHT TO YOU BY:
(C) 2015 ALL RIGHTS RESERVED

PROGRAM OVERVIEW

This program aims to make Endless' Brake pads, rotors, lines, calipers, fluid, and coil-overs available to drivers at an accessible cost. The program is also set up to help prove to kiwi teams that ENDLESS products provide the worlds highest quality braking systems. Which perform as you desire on the circuit, track and on the street, keeping safety as the main priority at all times no matter the discipline you drive.

HOW IT WORKS:

All drivers signed up to (and in compliance with) the ENDLESS 2015 Race Support Program, will receive 10% discount on all ENDLESS product purchased in the participating teams season. **ADDITIONAL TO THIS;** winners of each race category will be rewarded with a product discount certificate for the teams next purchase of ENDLESS product during the 2015 season (please refer discount certificate allocations on page 6).

Eligible classes in the 2015 ENDLESS Driver Support Program will be determined at the discretion of Prosport Auto. The number of discount certificates awarded to each class will depend on the number of participants for that specific race meeting (refer to clarifications on page 3).

LIMITED CLASS NUMBERS?

VOUCHERS WORK LIKE THIS:

1-6 Participants= 1st place only

7-12 Participants = 1st and 2nd place

13+ Participants = 1st, 2nd and 3rd place

EXAMPLE:

GTRNZ has three classes. GT1 (4 entrants), GT2 (8 Entrants), NZGT (20 Entrants)

GT1: 1st place winner would receive an award

GT2: 1st and 2nd would receive an award

NZGT: 1st, 2nd and 3rd place would receive an award

These awards are applicable for the entire racing event, not each individual race of the round.

PROGRAM REGISTRATION CRITERIA

4

To receive program product discounts, Prosport Auto requires each racing team/individual to register for the program in writing and apply two (2) ENDLESS decals to the race registered vehicle.

Failure to install (and retain) required decals prior to the event will forfeit eligibility. It is the team's/ individual's responsibility to properly and neatly apply two decals in the areas specified (blue zone - please refer to picture on page 5).

Decals will be distributed to each registered team/vehicle on completion of program paperwork. It is also the teams responsibility to forward Prosport Auto their winning results for verification before vouchers/prizes can be awarded.

Decals will come in White or Black. Registering in the Support Program gives Prosport Auto the permission to use photographs and public information pertaining to the registered race vehicle for promotional use e.g. Facebook and Newsletters.

Program registration documentation is included at the end of this document.
Competitor Brake brand decals must not be present on the registered vehicle.
